CONTENTS - VOLUME VI, 1986

No. 1

Binding of minaprine to human serum proteins and erythrocytes.
BARRÉ J., HOUIN G., JEANNIOT J.P., COIRRE C., TILLEMENT J.P. 1

Prevention of migraine attacks through the use of dihydroergotamine.
NEUMAN M., DEMAREZ J.P., HARMEY J.L., LE BASTARD B., CAUQUIL J. 11

Analgesizing effect of a methyl donor (S-adenosylmethionine) in migraine: an open clinical trial.
GATTO G., CALERI D., MICHELACCI S., SICUTERI F. 15

Genetic markers of cluster headache and the links with the lithium salts therapy.
GIACOVAZZO M., MARTELLETTI P., ROMITI A., GALLO M.F., IUVARA E., VALERI M., PIAZZA A., ADORNO D., MONACO P.I., CASCIANI C.U. 19

Clinical usefulness of a dopaminergic agonist in headache diagnosis.
BUSSONE G., BOIARDI A., LA MANTIA L., FREDIANI F., LAMPERTI E., PECCARISI C., PARATI E.A., PASQUADIBISCEGLIE L. 23

Effectiveness of flunarizine in altering electronystagmographic patterns in migraine patients: a preliminary report.
PINI L.A., FERRARI A., GUIDETTI G., GALETTI G., BARBIERI L., STERNIERI E. 27

Circadian rhythms in effects of hypnotics and sleep inducers.
REINBERG A. 33

Medical treatment of acute low back pain. Diflunisal compared with indomethacin in acute lumbago.
ORAVA S. 45

Diflunisal in the treatment of low back pain in a multicentre study.
HURME M., HIMANEN P. 53

Treatment of claudication with dipyridamole and aspirin.
LIBRETTI A., CATALANO M. 59

Changes of immunological parameters during auranofin treatment in children affected with juvenile chronic arthritis.
FANTINI F., COTTAFAVA F., MARTINI A., MURELLI M., FRANCHINI E., D'ERRICO R., PANZARASA R. 61

Study on the absorption of ketoprofen topically administered in man: comparison between tissue and plasma levels.
BALLERINI R., CASINI A., CHINOL M., MANNUCCI C., GIACCAI L., SALVI M. 69

Ketanserin (S_2-receptor blocking agent), platelet activity and chronic alcoholism.
SANTINI P., CECCANTI M., DE LORENZO A., PISCULLI M., DI GIOVANNI M.G., CAVALERI G., ATTILIA M.L., BERBELLINI A. 73

Ketanserin (S_2-receptor blocking agents), hypertension and chronic alcoholism.
DE LORENZO A., CECCANTI M., ROMEO M., PISCULLI M., DI GIOVANNI M.G., LAIS A., ASSOGNA G., VALGIUSTI F.C. 77

Clinical evaluation of flurbiprofen alone and plus ampicillin in chronic pharyngitis in acute phase.
HAHN R. 81

No. 2

Effect of indomethacin on glucose absorption and insulin release in patients with impaired glucose tolerance.
RUZSA C., FIEGLER M., NAGY L., OLOSZ É., JÁVOR T., MÓZSIK G. 87

Oral $beta_2$-selective adrenergic bronchodilators.
GRASSI V., DANIOTTI S., SCHIASSI M., DOTTORINI M., TANTUCCI C. 93

Treatment of asthma with an extempore combination of a bronchodilator, salbutamol, and a new antihistamine drug, oxatomide.
SCREMIN S., CAPRIOGLIO L. 105

Clinical pharmacology of tritoqualine: a comparative study against dexchlorpheniramine in allergic rhinitis.
ALBERTINI G., DAVALLI R., MORONI P., OBERHAUSER V. 113

Clinical trial with CO-1177: a preliminary report.
MBUYAMBA P. 119

Ambroxol for prophylaxis and treatment of bronchopulmonary complications after chest surgery.
ROMANINI B.M., SANDRI M.G., TOSI M., MEZZETTI M., MAZZETTI A. 123

Ambroxol and pulmonary toxicity induced by antineoplastic drugs.
LUISETTI M., PEONA V., SALMONA M., PAGNONI A.M., VILLANI F., KNERICH R., GENGHINI M., ABBÀ L., POZZI E. 129

Clinical and non-invasive assessment of anthracycline cardiotoxicity: perspectives on myocardial protection.
MORTENSEN S.A., AABO K., JONSSON T., BAANDRUP U. 137

Salmon calcitonin in the treatment of bone metastases.
SERDENGEÇTI S., SERDENGEÇTI K., DERMAN U., BERKARDA B. 151

Treatment of post-menopausal osteoporosis with phosphate and intermittent calcitonin.
KUNTZ D., MARIE P., BERTHEL M., CAULIN F. 157

Capsaicin prevents histamine-induced itching.
TÓTH-KÁSA I., JANCSÓ G., BOGNÁR Á., HUSZ S., OBÁL JR. F. 163

Pharmacokinetics of cefoperazone after single and multiple doses.
RIPA S., LA ROSA F., DAINELLI B., ECARI U., RUFFILLI M.P. 171

No. 3

Serum protein binding of model acidic drugs in smokers and non-smokers.
RUIZ-CABELLO F., ERILL S. 177

The use of a computerized system in defining the therapeutic spectrum of antidepressants.
CONTI L., GIOVANNI B.C., LEVINE J. 181

Pharmacological exploration of dopamine hypersensitivity in migraine patients.
BÈS A., DUPUI P., GÜELL A., BESSOLES G., GÉRAUD G. 189

Hypernociceptive syndromes and pharmacological inhibition of endogenous opioid degradation.
BALDI E., CONTI P., CONTI R., FANCIULLACCI M., MICHELACCI S., SALMON S., SICUTERI F., SPILLANTINI M.G. 193

Effects of ketanserin on blood pressure, peripheral circulation and haemocoagulative parameters in essential hypertensives with or without arteriosclerosis obliterans of the lower limbs.
NOVO S., ALAIMO G., ABRIGNANI M.G., GIORDANO U., AVELLONE G., PINTO A., ADAMO L., CUTIETTA A., INDOVINA A., STRANO A. 199

Differential effects of valproic acid on the serum protein binding of lorazepam and diazepam.
CALVO R., CARLOS R., ERILL S. 213

Side-effects of sodium valproate, mainly related to its hepatic and pancreatic toxicity.
JIMENEZ-RODRIGUEZVILA M., CARO-PATON A., CONDE M., DUEÑAS-LAITA A., MARTIN-LORENTE J.L., FERNANDEZ PEREZ de VILLALAIN M.J., GONZALEZ MARTINEZ de ZARATE J.L., MARAÑON A. 217

Clinical trial with arginine tidiacicate in symptomatic chronic persistent hepatitis.
RIZZO S. 225

Antipyrine kinetics following influenza vaccination.
SIMONET R., DESCOTES J., EVREUX J. CI. 231

Beta-adrenoceptor blocking drugs and cytochrome P-450: the influence of propranolol treatment on caffeine, antipyrine, d-glucaric acid and indocyanine green elimination in patients with hepatic disorders.
TRAEGER A., HORVÁTH T., RECHENBACH C., JÁVOR T. 235

Amiodarone-induced thyroid dysfunction: diagnostic role of free serum thyroid hormone levels and pathogenetic significance of antithyroid antibodies.
FORESTI V., CARINI L., LOVAGNINI-SCHER C.A., PARISIO E., SCOLARI N. 241

Long-term effects of bezafibrate and of a bezafibrate and cholestyramine combination on lipids and lipoprotein lipids in type IIa hypercholesterolaemic patients.
SOMMARIVA D., TIRRITO M., BONFIGLIOLI D., POGLIAGHI I., BRANCHI A., CABRINI E. 249

Tegafur chemotherapy for the treatment of gut and liver cancer.
PICCININI L., CORRADINI R., VANDELLI C., LUPPI G., DI MARCO G. 255

No. 4

Pathogenesis and prevention of aortocoronary bypass graft occlusion.
CHESEBRO J.H., FUSTER V. 261

Converting enzyme inhibitors for the treatment of hypertension in the elderly.
PESSINA A.C., CASIGLIA E. 269

A comparative study of endralazine and captopril in essential hypertension: effect on renin levels, pulmonary function studies and lipid profile.
HAUGER-KLEVENE J.H., READER C., MAYER E., SANCHEZ M.R. 275

Respiratory effects of four adrenergic blocking agents combined with a diuretic in treating hypertension with concurrent chronic obstructive lung disease.
DAL NEGRO R.W., ZOCCATELLI O., POMARI C., TREVISAN F., TURCO P. 283

Nifedipine compared with verapamil in unstable angina pectoris.
MARESTA A., MARZOCCHI A., CAPUCCI A., GALIÉ N., MARROZZINI C., MAGNANI B. 291

Effects of age on the pharmacokinetics of mexiletine.
EL ALLAF D., CARLIER J., DRESSÉ A. 303

Age-related multiple-dose pharmacokinetics and anxiolytic effects of delorazepam. (chlordesmethyldiazepam)
BAREGGI S.R., NIELSEN N.P., LEVA S., PIROLA R., ZECCA L., LORINI M. 309

Irritation and staining by 10-butyryl dithranol (butantrone) in psoriasis.
GREAVES M.W. 315

Radiosensitization by tinidazole: pharmacokinetic study.
COSSU F., ROMBI G.P., MAZZA S., FACCHINI A. 317

Photo-reflex-rheographical method in the evaluation of elastocompression.
DEL GUERCIO R., ARPAIA M.R., LEONARDO G. 325

Studies of the blood lipid peroxide status and vitamin E levels in patients with chronic active hepatitis and alcoholic liver disease.
MÉZES M., PÁR A., NÉMETH P., JÁVOR T. 333

Short communication:

Disputable issues in cholinergic regulation of the salivary parotid gland functioning and in its evolution.
LEVIN S.L. 339

Action of acetyl carnitine on patients with circulatory shock.
GASPARETTO A., CORBUCCI G.G., ANTONELLI M., BUFI M., DeBLASI R.A., SILIPRANDI N. 343

No. 5

Comparative bioavailability and half-lives of cloxacillin and flucloxacillin.
PATON D.M. 347

Differentiated distribution of norfloxacin in the medullary-cortical part of the kidney in man.
SCAGLIONE F., FERRARA F., BRAGA P.C., ZANOLLO A., ESPOSTI D., FRASCHINI F. 351

Dosing problems of gentamicin in critically ill patients.
REGAZZI B.M., RONDANELLI R., DIONIGI R.V., MAPELLI A., GASATI A. 355

Randomized study of minocyline + gentamicin compared with metronidazole + gentamicin for prophylaxis or treatment of mixed infections in abdominal sugery.
LEGRAND J.-C., VAN DER AUWERA P., RENAUX J., BAILLY A., VAN EUKEM P., CHASTEL C. 361

Possibility of interaction among antibiotics and mucolytics in children.
PRINCIPI N., ZAVATTINI G., DANIOTTI S. 369

Prophylactic treatment of childhood asthma.
CASTELLO D. 373

Bronchoprovocation tests in bronchial asthma and other respiratory disorders: a short review and some personal contributions.
PANUCCIO P., CRESCI F., FONTANA G., MUGNAI M., GIZDULICH P. 379

A new bronchodilating agents, procaterol, in preventing exercise-induced asthma.
IOLI F., DONNER C.F., FRACCHIA C., MANINI G., PATESSIO A., SPADA E.L., VECCHIO C. 389

Theophylline binding to plasma proteins in patients with chronic obstructive pulmonary disease.
CALANDRE E.P., PÉREZ DE LA CRUZ A., ALFEREZ N.P., MORENO CARRETERO E., HINOJOSA R., VÁZQUEZ MATA G. 397

Duration of oral procaterol protection from methacholine-induced bronchial obstruction.
DE CANDUSSIO G., FRANCHI D., MANINI G., AROSSA W., CASTELLO D. 403

Effect of nifedipine on salbutamol-induced bronchodilation in partially reversible airway obstruction.
ROLLA G., AROSSA W., BUCCA C., BUGIANI M. 409

Recent advances of knowledge on the mechanism of action of drugs modifying the bronchial secretions.
MORANDINI G.C., PERDUCA M., FINIGUERRA M., DE MARTINI S., FRATICELLI G. 415

Diltiazem in the treatment of the irritable bowel syndrome.
PÉREZ-MATEO M., SILLERO C., CUESTA A., VAZQUEZ N., BERBEGAL J. 425

Dualism in the effect of cholinolytics upon the human parotid gland deprived of parasympathetic control.
LEVIN S.L. 429

No. 6

In vitro binding study of gemfibrozil to human serum proteins and erythrocytes: interactions with other drugs.
HAMBERGER C., BARRE J., ZINI R., TAICLET A., HOUIN G., TILLEMENT J.P. 441

Low ceiling respiratory depression by ciramadol.
ROMAGNOLI A., KEATS A.S. 451

A placebo-controlled assessment of mequitazine and astemizole in tests of psychomotor ability.
HINDMARCH I., EASTON J.C. 457

Neuroendocrine effects of setoperone: a new neuroleptic drug.
MECO G., LESTINGI L., BUZZI M.G., PETRINI P., PASQUALONI V., FALASCHI P., MARINI S. 465

Evaluation of the absorption from three ibuprofen formulations.
REGAZZI B.M., RONDANELLI R., CIAROELLI L., BARTOLI A.L., RAMPINI A. 469

Non-steroidal antiinflammatory drug therapy: advantages and disadvatages of long half-life drugs versus slow-release formulations.
FOLCO G., BORGHI C., BERTI F. 475

Treatment of symptoms of rhinopharyngitis in children with a new anti-inflammatory agent.
DAMIANI H. 481

Flurbiprofen versus ASA in influenza symptomatology: a double-blind study.
BROGGINI M., BOTTÀ V., BENVENUTI C. 485

Double-blind controlled clinical evaluation of effectiveness of zidometacin by oral and rectal route in osteoarthritis.
BRÖLL H., LEPORE A.M., TAUSCH G. 489

Treatment of acute pain of ureteral and biliary colic with naproxen sodium administered by the parenteral route.
MARSALA F., CAVRINI P., BUFALINO L., GARDINI F. 495

Muscular contracture as a component of low back pain: evaluation criteria and significance of relaxant therapy.
FASSINA A., RUBINACCI A., TESSARI L. 501
